## **Routine Appointments**

Dear Parents and Carers,

I have been made aware that there seems to be an increasing number of parents/carers who are either dropping children off late or collecting them during the school day or early, to attend routine appointments at doctors or dentists.

Please note, these appointments cannot be authorised, so they will have to be recorded as unauthorised.

While I do understand it can be difficult getting appointments, it would be very much appreciated if every effort can be made to make them for after school or in holiday times.

Thank you in anticipation of your continued support.

Yours sincerely,

Miss Debra Ward
