OAKWOOD INFANT AND NURSERY SCHOOL

Online Safety Policy

Review Date	January 2025
Reviewed by	Governing Board
Review Cycle	Annual
Next review due	January 2026

Signed :……

Name :……
on behalf of the Governing Body of Oakwood Infant and Nursery School

Development / Monitoring / Review of this Policy

This Online Safety policy has been developed by a working group consisting of

- Headteacher and SLT
- Online Safety Coordinator
- Staff – including Teachers, Support Staff

The school will monitor the impact of the policy using:

- Logs of reported incidents
- Surveys / questionnaires of
    - pupils
    - parents / carers
    - staff

Scope of the Policy

This policy applies to all members of the school (including staff, pupils, volunteers, parents / carers, visitors, community users) who have access to and are users of school digital technology systems, both in and out of the school

The Education and Inspections Act 2006 empowers Headteachers to such extent as is reasonable, to regulate the behaviour of pupils when they are off the school site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of online-bullying or other Online Safety incidents covered by this policy, which may take place outside of the school, but is linked to membership of the school. The 2011 Education Act increased these powers with regard to the searching for and of electronic devices and the deletion of. In the case of both acts, action can only be taken over issues covered by the published Behaviour Policy.

The school will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / carers of incidents of inappropriate Online Safety behaviour that take place out of school.

Roles and Responsibilities

The following section outlines the online safety roles and responsibilities of individuals and groups within the school.

Governors are responsible for the approval of the Online Safety Policy and for reviewing the effectiveness of the policy. This will be carried out by the Governors / Sub Committee receiving regular information about online safety incidents and monitoring reports. A member of the Governing Body has taken on the role of Online Safety Governor. The role of the Online Safety Governor will include:

- regular meetings with the Online Safety Co-ordinator
- attendance at Online Safety Group meetings
- regular monitoring of online safety incident logs
- regular monitoring of filtering / change control logs

- reporting to relevant Governor meetings

Headteacher and Senior Leaders

- The Headteacher has a duty of care for ensuring the safety (including online safety) of members of the school community, though the day-to-day responsibility for online safety will be delegated to the Online Safety Officer.
- The Headteacher and (at least) another member of the Senior Leadership Team should be aware of the procedures to be followed in the event of a serious online safety allegation being made against a member of staff.
- The Headteacher / Senior Leaders are responsible for ensuring that the Online Safety Officer / Lead and other relevant staff receive suitable training to enable them to carry out their online safety roles and to train other colleagues, as relevant.
- The Headteacher / Senior Leaders will ensure that there is a system in place to allow for monitoring and support of those in school who carry out the internal online safety monitoring role. This is to provide a safety net and also support to those colleagues who take on important monitoring roles.
- The Senior Leadership Team will receive regular monitoring reports from the Online Safety Officer.

Online Safety Officer

- leads the Online Safety Group
- takes day to day responsibility for online safety issues and has a leading role in establishing and reviewing the school online safety policies / documents
- ensures that all staff are aware of the procedures that need to be followed in the event of an online safety incident taking place.
- provides training and advice for staff
- liaises with the Local Authority / MAT / relevant body
- liaises with school technical staff
- receives reports of online safety incidents and creates a log of incidents to inform future online safety developments
- attends relevant meeting / committee of Governors
- reports regularly to Senior Leadership Team

Network Manager / Technical staff

The Network Manager / Technical Staff / Co-ordinator for ICT / Computing is responsible for ensuring:

- that the school's technical infrastructure is secure and is not open to misuse or malicious attack
- that the school meets required online safety technical requirements and any Local Authority Online Safety Policy / Guidance that may apply.
- that users may only access the networks and devices through a properly enforced password protection policy, in which passwords are regularly changed
- that they keep up to date with online safety technical information in order to effectively carry out their online safety role and to inform and update others as relevant
- that the use of the network / internet / Learning Platform / remote access / email is regularly monitored in order that any misuse / attempted misuse can be reported to the Headteacher / Senior Leader; Online Safety Officer for investigation / action / sanction

- that monitoring software / systems are implemented and updated as agreed in school / academy policies

Teaching and Support Staff

Are responsible for ensuring that:

- they have an up-to-date awareness of online safety matters and of the current school / academy Online Safety Policy and practices
- they have read, understood and signed the Staff Acceptable Use Policy / Agreement (AUP)
- they report any suspected misuse or problem to the Headteacher / Senior Leader; Online Safety Officer for investigation / action / sanction
- all digital communications with pupils / parents / carers should be on a professional level and only carried out using official school systems
- online safety issues are embedded in all aspects of the curriculum and other activities
- pupils understand and follow the Online Safety Policy and acceptable use policies
- pupils have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations
- they monitor the use of digital technologies, mobile devices, cameras etc in lessons and other school activities (where allowed) and implement current policies with regard to these devices
- in lessons where internet use is pre-planned pupils should be guided to sites checked as suitable for their use and that processes are in place for dealing with any unsuitable material that is found in internet searches

Designated Safeguarding Lead

Should be trained in Online Safety issues and be aware of the potential for serious child protection / safeguarding issues to arise from:

- sharing of personal data
- access to illegal / inappropriate materials
- inappropriate on-line contact with adults / strangers
- potential or actual incidents of grooming
- online-bullying
- the production / review / monitoring of the school Online Safety Policy / documents.
- the production / review / monitoring of the school filtering policy (if the school chooses to have one) and requests for filtering changes.
- mapping and reviewing the online safety / digital literacy curricular provision – ensuring relevance, breadth and progression
- monitoring network / internet / incident logs
- consulting stakeholders – including parents / carers and the pupils about the online safety provision
- monitoring improvement actions identified through use of the 360-degree safe self-review tool

Pupils:

- are responsible for using the school digital technology systems in accordance with the Pupil Acceptable Use Agreement

- have a good understanding of research skills and the need to avoid plagiarism and uphold copyright regulations
- need to understand the importance of reporting abuse, misuse or access to inappropriate materials and know how to do so
- will be expected to know and understand policies on the use of mobile devices and digital cameras. They should also know and understand policies on the taking / use of images and on online-bullying.
- should understand the importance of adopting good online safety practice when using digital technologies out of school and realise that the school's Online Safety Policy covers their actions out of school, if related to their membership of the school

Parents / Carers

Parents / Carers play a crucial role in ensuring that their children understand the need to use the internet / mobile devices in an appropriate way. The school will take every opportunity to help parents understand these issues through parents' evenings, newsletters, letters, website / Learning Platform and information about national / local online safety campaigns / literature. Parents and carers will be encouraged to support the school in promoting good online safety practice and to follow guidelines on the appropriate use of:

- digital and video images taken at school events
- access to parents' sections of the website / Learning Platform and on-line pupil records

Community Users

Community Users who access school systems / website / Learning Platform as part of the wider school provision will be expected to sign a Community User AUA before being provided with access to school systems

Policy Statements

Education – Pupils

Whilst regulation and technical solutions are very important, their use must be balanced by educating pupils to take a responsible approach. The education of pupils in online safety / digital literacy is therefore an essential part of the school's online safety provision. Children and young people need the help and support of the school to recognise and avoid online safety risks and build their resilience.

Online safety should be a focus in all areas of the curriculum and staff should reinforce online safety messages across the curriculum. The online safety curriculum should be broad, relevant and provide progression, with opportunities for creative activities and will be provided in the following ways:

- A planned online safety curriculum should be provided as part of Computing / PHSE / other lessons and should be regularly revisited
- Key online safety messages should be reinforced as part of a planned programme of assemblies and tutorial / pastoral activities
- Pupils should be taught in all lessons to be critically aware of the materials / content they access on-line and be guided to validate the accuracy of information.
- Pupils should be taught to acknowledge the source of information used and to respect copyright when using material accessed on the internet

- Pupils should be supported in building resilience to radicalisation by providing a safe environment for debating controversial issues and helping them to understand how they can influence and participate in decision-making.
- Pupils should be helped to understand the need for the pupil Acceptable Use Agreement and encouraged to adopt safe and responsible use both within and outside school.
- Staff should act as good role models in their use of digital technologies, the internet and mobile devices
- in lessons where internet use is pre-planned, it is best practice that pupils should be guided to sites checked as suitable for their use and that processes are in place for dealing with any unsuitable material that is found in internet searches.
- Where pupils are allowed to freely search the internet, staff should be vigilant in monitoring the content of the websites the young people visit.
- It is accepted that from time to time, for good educational reasons, students may need to research topics (eg racism, drugs, discrimination) that would normally result in internet searches being blocked. In such a situation, staff can request that the Technical Staff (or other relevant designated person) can temporarily remove those sites from the filtered list for the period of study. Any request to do so, should be auditable, with clear reasons for the need.

Education – Parents / Carers

Many parents and carers have only a limited understanding of online safety risks and issues, yet they play an essential role in the education of their children and in the monitoring / regulation of the children's online behaviours. Parents may underestimate how often children and young people come across potentially harmful and inappropriate material on the internet and may be unsure about how to respond.

The school will therefore seek to provide information and awareness to parents and carers through:

- Curriculum activities
- Letters, newsletters, web site, Learning Platform
- Parents / Carers evenings / sessions
- High profile events / campaigns e.g. Safer Internet Day
- Reference to the relevant web sites / publications e.g. swgfl.org.uk www.saferinternet.org.uk/ http://www.childnet.com/parents-and-carers

Education – The Wider Community

The school will provide opportunities for local community groups / members of the community to gain from the school's online safety knowledge and experience. This may be offered through the following:

- Providing family learning courses in use of new digital technologies, digital literacy and online safety
- Online safety messages targeted towards grandparents and other relatives as well as parents.
- The school website will provide online safety information for the wider community
- Supporting community groups e.g. Early Years Settings, Childminders, youth / sports / voluntary groups to enhance their Online Safety provision

Education & Training – Staff / Volunteers

It is essential that all staff receive online safety training and understand their responsibilities, as outlined in this policy. Training will be offered as follows:

- A planned programme of formal online safety training will be made available to staff. This will be regularly updated and reinforced. An audit of the online safety training needs of all staff will be carried out regularly.
- All new staff should receive online safety training as part of their induction programme, ensuring that they fully understand the school / academy Online Safety Policy and Acceptable Use Agreements.
- It is expected that some staff will identify online safety as a training need within the performance management process.
- The Online Safety Officer / Lead (or other nominated person) will receive regular updates through attendance at external training events (eg from SWGfL / LA / other relevant organisations) and by reviewing guidance documents released by relevant organisations.
- This Online Safety Policy and its updates will be presented to and discussed by staff in staff / team meetings / INSET days.
- The Online Safety Officer / Lead (or other nominated person) will provide advice / guidance / training to individuals as required.

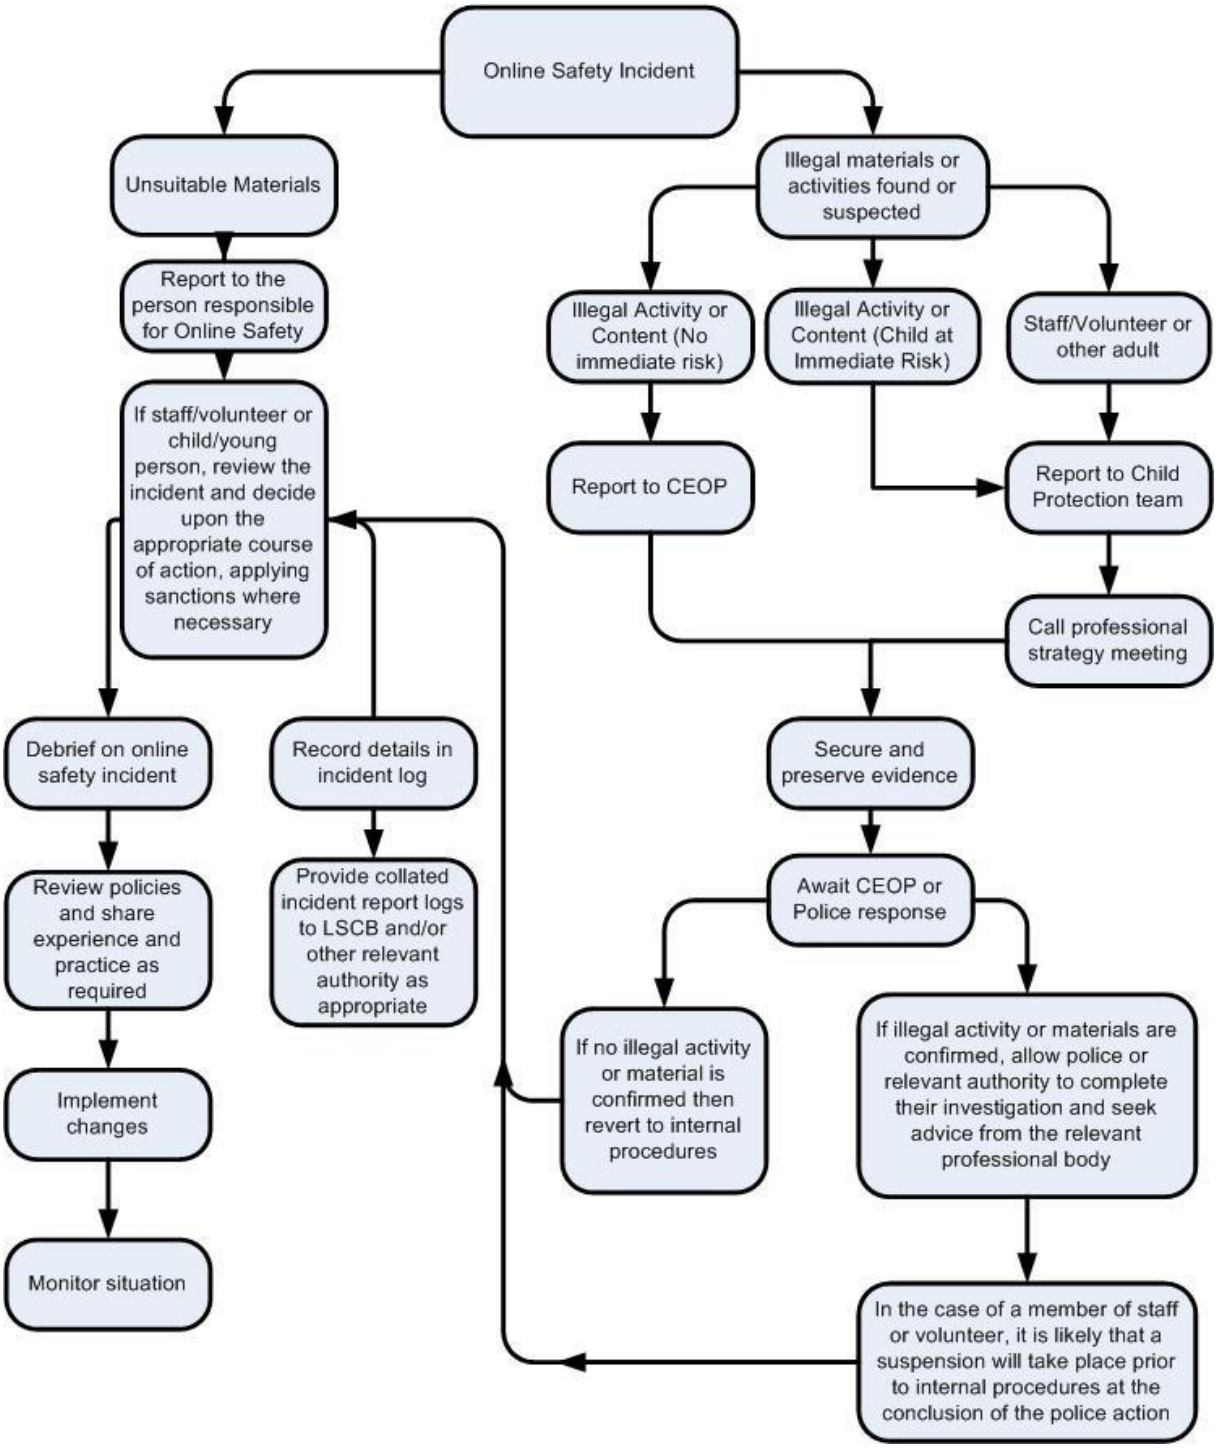
Training – Governors

Governors should take part in online safety training / awareness sessions, with particular importance for those who are members of any subcommittee / group involved in technology / online safety / health and safety /safeguarding. This may be offered in a number of ways:

- Attendance at training provided by the Local Authority / MAT / National Governors Association / or other relevant organisation (e.g. SWGfL).
- Participation in school / information sessions for staff or parents

Illegal Incidents

If there is any suspicion that the web site(s) concerned may contain child abuse images, or if there is any other suspected illegal activity, refer to the right hand side of the Flowchart for responding to online safety incidents and report immediately to the police.



In the event of suspicion, all steps in this procedure should be followed:

- Have more than one senior member of staff involved in this process. This is vital to protect individuals if accusations are subsequently reported.
- Conduct the procedure using a designated computer that will not be used by young people and if necessary can be taken off site by the police should the need arise. Use the same computer for the duration of the procedure.

- It is important to ensure that the relevant staff should have appropriate internet access to conduct the procedure, but also that the sites and content visited are closely monitored and recorded (to provide further protection).
- Record the URL of any site containing the alleged misuse and describe the nature of the content causing concern. It may also be necessary to record and store screenshots of the content on the machine being used for investigation. These may be printed, signed and attached to the form (except in the case of images of child sexual abuse – see below)
- Once this has been completed and fully investigated the group will need to judge whether this concern has substance or not. If it does then appropriate action will be required and could include the following:
    - Internal response or discipline procedures
    - Involvement by Local Authority / national / local organisation (as relevant).
    - Police involvement and/or action

- **If content being reviewed includes images of child abuse then the monitoring should be halted and referred to the Police immediately. Other instances to report to the police would include:**
    - incidents of 'grooming' behaviour
    - the sending of obscene materials to a child
    - adult material which potentially breaches the Obscene Publications Act
    - criminally racist material
    - promotion of terrorism or extremism
    - other criminal conduct, activity or materials
- **Isolate the computer in question as best you can. Any change to its state may hinder a later police investigation.**

It is important that all of the above steps are taken as they will provide an evidence trail for the school and possibly the police and demonstrate that visits to these sites were carried out for safeguarding purposes. The completed form should be retained by the group for evidence and reference purposes.

Appendices

A wide range of rapidly developing communications technologies has the potential to enhance learning. The following table shows how the school currently considers the benefit of using these technologies for education outweighs their risks / disadvantages:

	Staff & other adults				Pupils				
Communication Technologies	Allowed	Allowed at certain times	Allowed for selected staff	Not allowed	Not allowed	Allowed	Allowed at certain times	llowed with staff permission	Not allowed
Mobile phones may be brought to the school									
Use of mobile phones in lessons									
Use of mobile phones in social time									
Taking photos on mobile phones / cameras									
Use of other mobile devices e.g. tablets, gaming devices									
Use of personal email addresses in school, or on school network									
Use of school email for personal emails									
Use of messaging apps									
Use of social media									
Use of blogs									

Pupil Acceptable Use Policy Agreement– for younger pupils (EYFS / KS1)

This is how we stay safe when we use computers:

- I will ask a teacher or suitable adult if I want to use the computers / tablets
- I will only use activities that a teacher or suitable adult has told or allowed me to use
- I will take care of the computer and other equipment
- I will ask for help from a teacher or suitable adult if I am not sure what to do or if I think I have done something wrong
- I will tell a teacher or suitable adult if I see something that upsets me on the screen
- I know that if I break the rules I might not be allowed to use a computer / tablet

Staff (and Volunteer) Acceptable Use Policy Agreement

School Policy

New technologies have become integral to the lives of children and young people in today's society, both within schools / academies and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe access to the internet and digital technologies at all times.

This Acceptable Use Policy is intended to ensure:

- that staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that staff are protected from potential risk in their use of technology in their everyday work.

The school will try to ensure that staff and volunteers will have good access to digital technology to enhance their work, to enhance learning opportunities for *pupils* learning and will, in return, expect staff and volunteers to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. I recognise the value of the use of digital technology for enhancing learning and will ensure that pupils receive opportunities to gain from the use of digital technology. I will, where possible, educate the young people in my care in the safe use of digital technology and embed online safety in my work with young people.

For my professional and personal safety:

- I understand that the school will monitor my use of the school digital technology and communications systems.
- I understand that the rules set out in this agreement also apply to use of these technologies (e.g. laptops, email, VLE etc.) out of school, and to the transfer of personal data (digital or paper based) out of school
- I understand that the school digital technology systems are primarily intended for educational use and that I will only use the systems for personal or recreational use within the policies and rules set down by the school.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will immediately report any illegal, inappropriate or harmful material or incident, I become aware of, to the appropriate person.

I will be professional in my communications and actions when using school ICT systems:

- I will not access, copy, remove or otherwise alter any other user's files, without their express permission.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.

- I will ensure that when I take and / or publish images of others I will do so with their permission and in accordance with the school's policy on the use of digital / video images. I will not use my personal equipment to record these images, unless I have permission to do so. Where these images are published (eg on the school website / VLE) it will not be possible to identify by name, or other personal information, those who are featured.
- I will only use social networking sites in school in accordance with the school's policies.
- I will only communicate with pupils and parents / carers using official school systems. Any such communication will be professional in tone and manner.
- I will not engage in any on-line activity that may compromise my professional responsibilities.

The school and the local authority have the responsibility to provide safe and secure access to technologies and ensure the smooth running of the school:

- When I use my mobile devices (laptops / tablets / mobile phones / USB devices etc) in school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. I will also follow any additional rules set by the school about such use. I will ensure that any such devices are protected by up-to-date anti-virus software and are free from viruses.
- I will not use personal email addresses on the school ICT systems.
- I will not open any hyperlinks in emails or any attachments to emails, unless the source is known and trusted, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will ensure that my data is regularly backed up, in accordance with relevant school policies.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others. I will not try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not install or attempt to install programmes of any type on a machine, or store programmes on a computer, nor will I try to alter computer settings, unless this is allowed in school policies.
- I will not disable or cause any damage to school equipment, or the equipment belonging to others.
- I will only transport, hold, disclose or share personal information about myself or others, as outlined in the School / LA Personal Data Policy (or other relevant policy). Where digital personal data is transferred outside the secure local network, it must be encrypted. Paper based Protected and Restricted data must be held in lockable storage.
- I understand that data protection policy requires that any staff or pupil data to which I have access, will be kept private and confidential, except when it is deemed necessary that I am required by law or by school policy to disclose such information to an appropriate authority.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.

When using the internet in my professional capacity or for school sanctioned personal use:

- I will ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download or distribute copies (including music and videos).

I understand that I am responsible for my actions in and out of the school:

- I understand that this Acceptable Use Policy applies not only to my work and use of school / academy digital technology equipment in school, but also applies to my use of school systems and equipment off the premises and my use of personal equipment on the premises or in situations related to my employment by the school / academy
- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I could be subject to disciplinary action. This could include a warning, a suspension, referral to Governors and / or the Local Authority and in the event of illegal activities the involvement of the police.

I have read and understand the above and agree to use the school digital technology systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.

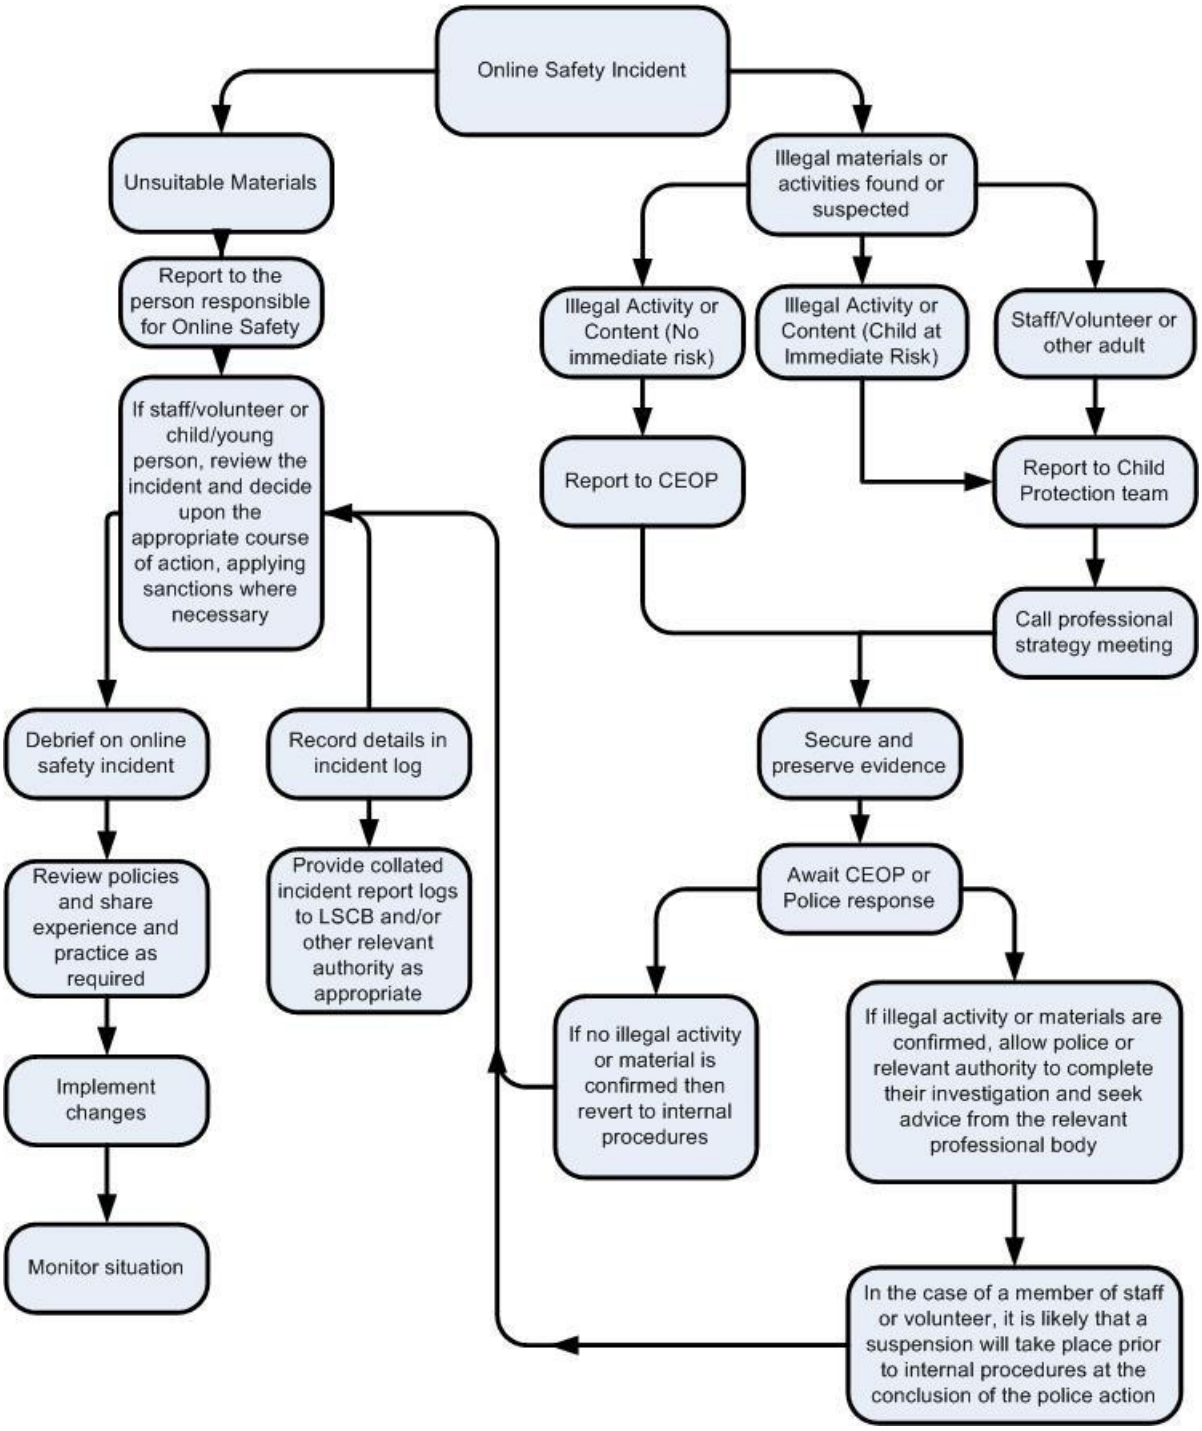
Responding to incidents of misuse – flow chart



School Actions & Sanctions

It is more likely that the school will need to deal with incidents that involve inappropriate rather than illegal misuse. It is important that any incidents are dealt with as soon as possible in a proportionate manner, and that members of the school community are aware that incidents have been dealt with. It is intended that incidents of misuse will be dealt with through normal behaviour / disciplinary procedures as follows:

	Actions / Sanctions								
Pupils Incidents	Refer to class teacher / tutor	Refer to Head of Department / Year /	Refer to Headteacher	Refer to Police	Refer to technical support staff for action re filtering / security etc.	Inform parents / carers	Removal of network / internet access	Warning	Further sanction eg detention / exclusion
Deliberately accessing or trying to access material that could be considered illegal (see list in earlier section on unsuitable / inappropriate activities).		X	X	X		X			
Unauthorised use of non-educational sites during lessons			X			X			
Unauthorised / inappropriate use of mobile phone / digital camera / other mobile device			X	X		X			
Unauthorised / inappropriate use of social media / messaging apps / personal email			X		X	X			
Unauthorised downloading or uploading of files			X		X	X			
Allowing others to access school network by sharing username and passwords			X		X	X			
Attempting to access or accessing the school network, using another student's / pupil's account			X		X	X			
Attempting to access or accessing the school network, using the account of a member of staff			X		X	X			
Corrupting or destroying the data of other users			X	X	X	X			
Sending an email, text or message that is regarded as offensive, harassment or of a bullying nature			X	X	X	X			
Continued infringements of the above, following previous warnings or sanctions			X	X	X	X			

Actions which could bring the school into disrepute or breach the integrity of the ethos of the school			X		X	X			
Using proxy sites or other means to subvert the school's filtering system			X		X	X			
Accidentally accessing offensive or pornographic material and failing to report the incident			X	X	X	X			
Deliberately accessing or trying to access offensive or pornographic material			X	X	X	X			
Receipt or transmission of material that infringes the copyright of another person or infringes the Data Protection Act			X	X	X	X			

Actions / Sanctions

Staff Incidents	Refer to line manager	Refer to Headteacher	Refer to Local Authority /	Refer to Police	Refer to Technical Support Staff for action re filtering	Warning	Suspension	Disciplinary action
Deliberately accessing or trying to access material that could be considered illegal (see list in earlier section on unsuitable / inappropriate activities).		X	X	X			X	X
Inappropriate personal use of the internet / social media / personal email		X	X			X	X	X
Unauthorised downloading or uploading of files		X	X			X	X	X
Allowing others to access school network by sharing username and passwords or attempting to access or accessing the school network, using another person's account		X	X		X	X	X	X
Careless use of personal data e.g. holding or transferring data in an insecure manner		X	X			X	X	X
Deliberate actions to breach data protection or network security rules		X	X			X	X	X
Corrupting or destroying the data of other users or causing deliberate damage to hardware or software		X	X	X	X	X	X	X

Sending an email, text or message that is regarded as offensive, harassment or of a bullying nature		X	X	X		X	X	X
Using personal email / social networking / instant messaging / text messaging to carrying out digital communications with pupils		X	X	X		X	X	X
Actions which could compromise the staff member's professional standing		X	X			X	X	X
Actions which could bring the school into disrepute or breach the integrity of the ethos of the school		X	X			X	X	X
Using proxy sites or other means to subvert the school's filtering system		X	X		X	X	X	X
Accidentally accessing offensive or pornographic material and failing to report the incident		X	X	X	X	X	X	X
Deliberately accessing or trying to access offensive or pornographic material		X	X	X	X	X	X	X
Breaching copyright or licensing regulations		X	X		X	X	X	X
Continued infringements of the above, following previous warnings or sanctions		X	X			X	X	X
